AZURE ECM Motors

AZURE[®] ECM

Replace Any Constant Torque ECM Motor

The next generation Azure motor incorporates integrated Bluetooth control with patented auto sizing technology to create a motor capable of replacing any OEM constant torque ECM including all FER 2019 motors.

- ✓ **One Touch Autosizing**
Automatically assigns torque for the ductwork
- ✓ **Individual Speed Tap Adjustments**
Dial in temperature rise with 1% torque increments
- ✓ **Real Time Data**
Monitor motor volts, amps, watts, and RPM's
- ✓ **Drop-in Installation**
Connects directly to all factory OEM harnesses

Bluetooth
